Northborough, MA 01532

Dear Planning Board Members:

RE: Site Plan/Special Permit for 200 Bartlett Street

I have reviewed the Site Plan/Special Permit Application for the above location and have the following comments:

- The site plan has an address listed of 200-220 Bartlett Street on the plans, which is incorrect.
- Addressing for the three buildings needs to be cleaned up. This is best accomplished by Town staff.
- As always, all turning radius should follow the American Association of State Highway and Transportation Officials (AASHTO) standards. In addition, all angle of approach and angle of departure grades will be 8-degrees or less. An 8-degree angle of approach is equal to a 14% change in grade.

Respectfully in Safety and Service,
