To: Kerri Martinek, Northborough Planning Board Chairman

From: Greg Young, Northborough Conservation Commission Chairman

Re: 0/301 Bartlett Street (Parcel H) Project Order of Conditions, DEP File #247-1176

The Conservation Commission received a request from the 0/301 Bartlett Street (Parcel H) Project applicant's representative to clarify the Commission's requirements for Orders of Conditions. The Conservation Commission and the MassDEP strongly prefer not to have two orders of conditions on one property to prevent contradiction. The property has a current Order of Conditions (DEP File #247-1176) for the construction of a distribution facility, drainage, parking and associated sitework.

If any changes are proposed to the project as approved in the Order, the Commission requires a request for insignificant project change or a request to amend the current Order prior to the start of construction. The Commission staff has discussed and confirmed this with the applicant regarding this project.

Please contact me or the Conservation Commission staff with any additional questions.
